

BRING YOUR DOG

# Four on the Floor

## Train Your Dog Not to Jump!

SATURDAY, FEBRUARY 22  
10:00AM • 10:45 AM • 11:30AM  
HUMANE SOCIETY OF JEFF. CO.

Join us at one of three 30-min. sessions starting at 10:00, 10:45, and 11:30am!

Dogs jump on people to get attention and as a form of greeting.

Although they may mean well, dogs can knock over small children, tear clothing, and rip skin in their enthusiasm.

Many commonly-used techniques being used to discourage a dog from jumping up often make the problem worse, hurt the dog, or put a person in danger.

⚠ **Dogs must be dog- and people-friendly, current on vaccinations, & leashed with a 4'-6' non-retractable leash.**

**Instructors:** Dani Sherman & Danielle Bartz, Trainers at the Lake Mills Veterinary Clinic

This event is **free**, but monetary and/or item donations for the humane society are greatly appreciated.

This workshop is provided by **Pet Partners Community Education:** Providing fun, collaborative community education since 2012.
