

Let's Go For A Walk!

SATURDAY, JULY 18
10:00 AM - 12:00 PM
HUMANE SOCIETY OF JEFF. CO.

Do you find that instead of walking your dog, your dog is walking you?

Leash manners are an important part of the relationship between you and your dog, whether you go on daily leash walks or only leash-up when going to the vet.

This seminar is designed for you and your dog to practice productive leash-walking techniques to:

- Keep your dog from pulling your arm out of its socket
- Not have your dog in a perfect "heel" for the entire walk
- Make walking on a leash an enjoyable activity for both you and your dog

⚠ Dogs must be dog- and people- friendly, current on vaccinations, & leashed with a 4'-6' non-retractable leash.

Instructors: Dani Sherman & Emily Green, Trainers at the Lake Mills Veterinary Clinic

This event is **free**, but monetary and/or item donations for the humane society are greatly appreciated.

This workshop is provided by **Pet Partners Community Education:** Providing fun, collaborative community education since 2012.
